**NEXT STEPS**
Throughout your planning, please continue to reference the information in this overview along with any additional messages you receive from our Festival Disney office.

Within 2-3 weeks from your travel dates, our Festival Disney team will reach out to directors and travel planners to conduct a confirmation call to review all the final details for the group’s participation in the festival.

For additional information regarding Festival Disney or to inquire about resort accommodations, please call 321-939-7560 or your Student Travel Planner.

**NATIONAL CORE ARTS STANDARDS**

Festival Disney fulfills many of the standards set forth in the National Core Arts Standards. Additionally, Common Core State Standards for English Language Arts and Mathematics have been shown by The College Board to correlate with many of the National Core Arts Standards, further enhancing our music offerings.

Teachers, administrators, travel planners, and parents are encouraged to use these educational alignments to help initiate, validate, and support a Disney Imagination Campus trip!

For the specific standards that are able to be explored through this festival experience, please visit www.disneyurl.com/FestivalDisneyNationalCoreArtsStandards.
PERFORMANCE VENUE INFORMATION

- While we encourage groups to watch other ensemble performances, please note that some venues may have limited capacity determined by the Fire Marshal. (e.g., Disney’s Saratoga Springs Resort & Spa Performance Hall has a maximum capacity of 200 Guests. Atlantic Dance at Disney’s Boardwalk Entertainment District is 150 Guests. Other venues may have similar capacities.)
  - The size of the groups performing before or after will also need to be considered as ensembles move through a venue. (If the capacity of a venue is exceeded at any time, the festival warm-up/performances must be suspended until the number of Guests has been reduced.)
  - If you are interested in attending performances from other ensembles or are planning to attend a performance with more than 100 individuals, please communicate with the Festival Disney office well in advance so we may check estimated availability.

- Ensembles will warm-up, perform, and receive their post-performance clinic onstage. The Festival Disney Coordinator will escort the ensemble and chaperones throughout the performance process at each venue.

- Each ensemble performs for three (3) adjudicators and receives written and recorded feedback as well as a personalized clinic. (Number of adjudicators is subject to change without notice due to weather/travel delays, illness, etc.)

- Uniforms, formal attire, or costumes are not required to perform at Festival Disney. However, many groups do opt to perform in concert attire.

- **Dining options are not available for Festival Disney participants/Guests while at any performance venue** including, but not limited to, Disney’s Saratoga Springs Resort & Spa and Disney’s Contemporary Resort.
  - Please plan for meals before or after performances or while traveling between performance venues.
  - Disney locations are not able to support food deliveries or picnics.
  - Food and beverage locations at Disney Resorts may only be used by groups staying at that resort.
  - Food and beverage options are available at Disney Springs, in the surrounding areas near the Walt Disney World Resort, and at Theme Park locations when the group is not at a performance venue. (Performers must not be in uniform/costume when dining at any Walt Disney World® Resort location.)

- Tickets are not required for spectators to attend performances at non-Theme Park locations such as Disney’s Saratoga Springs Resort & Spa, Disney’s Contemporary Resort, Disney’s Boardwalk Entertainment District, etc.
TRANSPORTATION INFORMATION

- **Groups must arrange and provide their own chartered bus transportation to and from the performance and awards ceremony locations.** Due to parking constraints, all buses for each school must arrive and depart each location together at the same time. *(We are not able to accommodate shuttling.)*
- **Disney Transportation (e.g., buses, monorails, Skyliner, watercraft, etc.) may not be used to attend festival activities** due to instrument transport, possibility of late arrival/performance forfeiture due to slow down in transportation system, impact to other guests, etc.
- **Groups are not able to walk from a Theme Park to/from a festival performance location.** Arrival and departure must be on the group’s own chartered bus transportation.
- While ensembles are at the performance venue, buses must remain onsite for emergencies, storage, and to avoid challenges at departure. **All bus drivers must remain at the venue with their vehicles at all times.**
- **Truck access may not be possible at some locations due to limited space.** Due to vehicle movement in these areas, truck drivers must remain with the vehicle at all times for the duration of the warmup, performance, and clinic. If you must use a truck, please communicate with the driver that they will have to remain with the vehicle and will not be able to view the performances. To avoid these challenges, we strongly suggest moving the instruments from the truck to the buses before arriving at the performance venue.
- At some locations, parking may not be adjacent to the performance venue. In that case, buses/trucks will need to relocate and return later for pickup.
- **All individuals should remain on the buses until the Festival Disney Coordinator arrives.** *(This will allow the coordinator to provide your group with important directions before unloading.)*
- Groups are not required to pay bus parking fees when accessing drop-off areas for festival performances. However, posted parking fees will apply when enjoying the Theme Parks and entering through a Park’s main entrance.

IMPORTANT ARRIVAL AND DEPARTURE INFORMATION

- **There are no dressing facilities available. All participants must arrive and depart dressed in performance attire.**
- We are not able to accommodate changing on buses while at the venue before or after a performance, due to limited space in parking areas. Students must remain in performance attire following their performance until they have departed the festival parking area.
- Groups are not able to walk from a Theme Park to/from a festival performance location.
  - **If the ensemble is visiting a Theme Park prior to the performance,** the group must exit through the main entrance of the Park to board their buses. Students may change into performance attire on the buses at the Theme Park’s bus parking area *(or at your hotel)* BEFORE traveling to the designated festival performance area.
  - **If the ensemble is visiting a Theme Park following the performance,** the group will promptly board the buses and not change at this time in order to depart from the performance area as quickly as possible. Once at the Theme Park’s main bus parking area *(or at your hotel)* students may change out of performance attire on the buses and then enter the desired Theme Park through the main entrance using a Park ticket.
- Participants are not able to change attire at any restroom within the Walt Disney World® Resort.
- Please arrive no more than 20-30 minutes before the SET-UP & WARM-UP time listed on the festival schedule. *(If you are interested in arriving early, please communicate with the Festival Disney office well in advance so we may check estimated availability.)*
- **Due to limited space, instrument cases must remain on the buses.** For larger instruments *(e.g., tuba and string basses)* or students with two instruments, cases may be used.
- Please bring appropriate carts to move any equipment to and from the bus drop off and loading areas.
- **Performers must wear shoes at all times** due to safety considerations. Please consider appropriate footwear for the ensemble to avoid challenges when walking to and from performance venues.

A. CHORAL GUIDELINES (Minimum of twenty (20) performers)

- Performances take place in an indoor performance venue not in view of Theme Park guests.
- There are no dressing facilities available. All participants must arrive and depart in performance attire. (Due to limited parking, we are not able to accommodate ensembles changing on buses while at the venue before or after the performances)
- Please expect a short outdoor walk to and from venues. Due to limited space, any instrument cases should remain on the buses.
- Each choral ensemble is scheduled as follows: (Ensembles should time performances to avoid cutting into clinic time and/or possible penalties.)
  - 20-minute set-up and warm-up*
  - 20-minute performance window
  - 10-minute clinic*

*For groups who would like to enhance the educational experience, directors will have an option (closer to the festival dates) to shorten the warm-up by 5 minutes in order to lengthen the personalized clinic to up to 15 minutes.

- To be consistent with all ensembles, no warmup may begin inside or outside of the performance venue until the official set-up and warm up begins inside the venue. The set-up and warm-up time will begin when the first performer steps on the stage.
- There is no requirement of how many songs are performed within the 20-minute window. Ensembles are not required to fill the entire window.
- Ensembles will warm-up, perform, and receive their post-performance clinic on stage. Adjudicators are asked to exit the venue during warm-up.
- There is no required music list; however, directors are encouraged to select appropriately-graded music that challenges their ensembles.
- Directors are required to provide three (3) original published scores with numbered measures for each selection being performed.
  - These original scores will be collected by the Festival Coordinator onsite, used by the adjudicators, and returned following the performance.
  - Photocopies are not permitted unless accompanied by a written letter from the publisher. (e.g., Due to back order, selection is out of print, etc.)

  - For these permissions, please plan far enough in advance to allow for processing time by any of these organizations or individuals.
  - Failure to follow these guidelines and to have proper documentation by the scheduled festival performance time may result in not being allowed to perform selections that may be in question. If you have any questions regarding the original published scores and/or arrangement permission, please contact the Festival Disney office well in advance of your festival dates.

POLICIES, GUIDELINES, AND PERFORMANCE INFORMATION

A. CHORAL GUIDELINES (continued)

- Ensembles are not able to use their own microphones, sound system, or special lighting. Bayonets, sabers, knives, fire batons, confetti, fog, or pyrotechnics are not permitted under any circumstances.

- Due to space and safety considerations, **platform risers are not permitted.** (Any movement performed on the provided 3-step choral risers should be limited to very simple moves/sways. More intricate choreography should not be performed due to the smaller size of these risers.)

- Props should be kept to small hand props that can be easily carried by the students and that do not pose a potential safety hazard for other Guests or performers while being transported. Please bring appropriate carts to move this equipment to and from the bus drop off and loading areas. Large props and/or props that require assembly are not permitted.

- Recorded instrumental accompaniments are permitted. Recordings should not include any vocal tracks.
  - We encourage directors to bring recorded accompaniments on a playback device such as an iPod/iPad, smartphone, or laptop.
  - Please have the music downloaded on the device itself and do not rely on music that is stored online. This will avoid challenges if you are not able to establish a strong internet connection while in the performance venue.
  - If using a smartphone, we will ask that the device be placed on airplane mode and the ringer muted to avoid interruptions to the performance.
  - A representative of the ensemble will need to operate the playback device during the warm-up and performance to ensure there are no challenges with the device locking, our technician’s possible unfamiliarity with different devices, apps, etc. This will also provide the most accurate playback timing for the ensemble.
  - Due to varying connection types on devices, please bring your own adapter to allow connection with a standard stereo headphone jack.
  - Please compile all music tracks in performance order to one playlist to assist in avoiding timing and playback challenges during the performance.
  - We recommend you review your accompaniment tracks prior to departing and bring a back-up recording on an Audio CD. (Ensure the back-up recording is an “Audio CD” and not in MP3 or other file formats.)
